

WHAT ARE KNITTED HEART CARDS?

You can help support the University of Ottawa Heart Institute Foundation by purchasing a handmade knitted heart card this February or by selling the cards through your business. These cards are great for any occasion - birthdays, baby showers, weddings, Valentine's Day, get well, thanks etc.

100% of the funds raised through the sales of these cards will help to ensure that the Heart Institute will continue to provide the best possible care for patients and their families while shaping the way cardiovascular medicine is practiced now, and in the years ahead.

THE LADIES BEHIND THE KNITTED HEARTS

The University of Ottawa Heart Institute Foundation is fortunate to have 2 wonderful volunteers who have gifted their time and creativity to the creation of these beautiful, knitted heart cards.

Claire Barton is a health professional and local artist who enjoys fundraising activities. To support the Heart Institute Foundation, Claire designed and prepared our Heart Cards for this year's campaign.

Vicki Morewood worked in collaboration with Claire by designing and crocheting the hearts for these beautiful cards. Knitting and crochet have been a lifelong hobby for Vicki, and she has contributed to countless causes.

These volunteers recognize the importance of our cardiac care services and are happy to support the Ottawa Heart Institute Foundation this February. We thank them very much!
